NOTE: If everything as specified in the provisions to sub-clauses referred to above i.e. (A) 1, 2, 3, 4 and 5 are equal, then the interse merit will be determined by draw of lots. The determination of interse merit as detailed above for selection of Government seats will be the basis for the merit list of candidates claiming benefit of reservation under Admission Rules.

(B) PUBLICATION OF MERIT LISTS:

After the completion of the entrance test, the Provisional ANSWER KEY will be published on the dates notified by KEA on the KEA Website: <http://kea.kar.nic.in> The candidates / parents / lecturers can file their objections, if any, only through online, with regard to any of the published answer Key, along with all supporting documents / justification. The objections received by the KEA will be placed before an Expert Committee, whose decision will be final for determination of the right answer key. The answer key approved by the Expert Committee will be applied during evaluation for determination of merit order.

As per the merit determined by the KEA, Engineering, Architecture, Farm Science, B-Pharm and Pharm-D ranks will be assigned to the eligible candidates. Separate result sheets showing the Engineering, Architecture, Farm science, B-Pharm and Pharm-D ranks will be published on **the notified date** on KEA Website <http://kea.kar.nic.in>. The correct answer key and the list of candidates whose results have been withheld and the reasons for withholding the results will also be published along with the results. The candidates whose results are with-held for want of 2nd PUC / 12th std. Marks and date of birth such candidates / parents need not worry because, ranks will be assigned as and when they submit the required documents on the specified dates during office hours.

Result sheets will not be displayed in the KEA premises.

Candidates who have any objections in respect of any of the entries or issues or discrepancies in the result sheets, such as discrepancy / changes in the Q. E. marks, version code, NEET / NATA scores etc., except the marks secured in the Common Entrance Test, can submit their objections within three days from the date of publication of the CET - 2023 result and thereafter result will be published for such candidates. (See box item given below for details about intermediary ranks / Spot ranks i.e., ranks ending with G55, G44, G33 etc.)

NOTE: (1) The candidates are requested to verify their qualifying examination details displayed on the result sheets without fail, if there is any discrepancy with reference to qualifying examination marks the same should be brought to the notice of this office immediately for fresh assignment of ranks, if any.

(2) Candidates whose results will be withheld for want of qualifying examination marks should submit a photocopy of their Q. E. marks card either in person or through 'Speed Post' to the KEA and the ranks in respect of such candidates will be published subsequently.

(C) Request for re-totaling or revaluation of the OMR answer sheets will not be entertained, as the valuation and the subsequent scoring will be error free.

What does 'G 55' mean?

After the declaration of the results, the candidates may not get ranks assigned mainly for the following reasons :

- (1) For want of Q. E. marks, a candidate might have missed the rank.
- (2) A candidate might have marked the version code wrongly.
- (3) Q. E. marks may change due to revaluation or otherwise, when corrected, a fresh ranking becomes necessary.

The KEA computers are programmed to assign new ranks or fresh ranks to the candidates falling within the above said categories without disturbing the rank numbers assigned to the candidates whose results were declared earlier. The computer program is such that it can assign ranks in between two integers without altering the previous rank numbers. Undoubtedly, you were assigned a rank after the declaration of the results. When a rank was assigned to you, rank 1234 and 1235 had been assigned to two other candidates. When it came to assigning a rank to you, the computer found that in the normal course, your rank would have been after the candidate with rank 1234 and before the candidate with rank 1235. Therefore, the computer had to place you between 1234 and 1235. As already said, the computer is programmed to generate large number of ranks between two integers by dividing the space alphabetically from A to Z. Then each alphabet is subdivided from 1 to 99. Now, if a new rank is required to be assigned between two integer ranks, in the first instance, the computer assigns a division number as 'G 55' before the previous rank. If one more rank needs to be assigned between the rank 1234 and 1234 G 55, the computer assigns a rank as 1234 G 44. If one more rank is to be assigned between 1234 G 55 and 1235, then it assigns a rank as 1234 G 66.

Based on the performance of the candidates in the Common Entrance Test / NATA and the Qualifying Examination, as the case may be, the merit / rank list will be prepared and published. All the eligible candidates will be considered for allotment of seats in the order of their merit / rank and based on the options and as per the seat matrix issued by the Government.
